Sacred Vessel and Purificator Clean-up Procedure

- For the **Sacred Vessels:**
  - Perform the **First Rinse:**
    - Add water to the patens and chalices, swirl, and ***pour the water into the Sacrarium.***
  - **Wash** the vessels:
    - Add a very small amount of liquid soap to the vessels and wash.
    - Rinse very well so that there are no remains of soap.
    - Wipe dry with paper towels.
    - Dispose of the paper towels under the sink.
- For the **Purificators:**
  - Rinse in **Sacrarium:**
    - Put the stopper in the Sacrarium.
    - Using the containers over the sink add water to the Sacrarium.
    - Completely rinse the purificators by dunking several times to rinse out the Precious Blood.
    - Wring out as much water as you can.
    - If there are any lipstick stains rub them with Shout (found over the kitchen sink). Do not rinse again.
    - Hang the Purificators on rack to dry.
    - ***Do not put wet purificators in the laundry bag.***
- Store vessels (4:30 and 10:30) or set up for the next Mass (8:30).
